Professional Summary

Multidisciplinary professional combining a strong foundation in Mechatronics Engineering with proven success in digital product development, high-end retail, and performance arts. Expert at bridging the gap between complex technical systems and user-centric design, demonstrated by the launch of *Party Favors* and independent app projects. A resilient, adaptable communicator who thrives in high-pressure environments—from professional film sets to retail sales—with a track record of meticulous attention to detail, stakeholder management, and proactive problem-solving.

Technical Projects & Analytical Skills

Digital Product Development | *Meet Cute & Party Favors*

- **App Development:** Architected and launched *Party Favors* (partyfavors.app), a custom-built, intuitive mobile application focused on seamless event organizing and social connectivity.
- **Design & UX:** Employed a user-centric design philosophy to create high-utility interfaces, focusing on visual clarity and ease of use.
- **Lifecycle Management:** Managed the full development lifecycle, from conceptualization and UI/UX wireframing to technical implementation and iterative refinement based on user feedback.

Financial Trading | *Self-Taught*

- Independently researched and executed complex financial trades, demonstrating strong analytical skills and a methodical approach to risk management.
- Gained practical experience in strategic planning and decision-making under high-pressure conditions.

Software Proficiency | Adobe & Affinity Suites

- Designed the official logo for Trinity Afrosoc, blending creative vision with client requirements.
- Demonstrated high technical adaptability by successfully shifting workflows from Adobe Creative Suite to Affinity Photo and Designer.

Professional Experience

Retail Sales Advisor | **Vodafone** | Dublin, Ireland

January 2024 – Present

- Consistently provided exceptional customer service and technical solutions, building strong relationships while resolving complex product and service issues.
- Acted as a key contributor to team cohesion, fostering a collaborative work environment.
- Developed deep expertise in product procedures, ensuring consistency and efficiency in service delivery.

Sales Advisor | Carphone Warehouse | Blanchardstown
2018 – 2020

- Delivered expert technical guidance to customers on mobile devices, networks, and accessories, consistently meeting sales targets in a fast-paced retail environment.
- Managed complex service queries and troubleshooting, ensuring high levels of customer satisfaction and retention.

Actor | Celtic Casting & MovieExtras
2019 – 2024

- Collaborated on major productions including *Irish Wish*, *Mr. Malcolm's List*, and *Normal People*, demonstrating adaptability and professionalism in high-pressure set environments.
- Featured in national advertising campaigns, including work for State Savings.
- Portrayed lead roles in documentary projects, including the portrayal of George Nkencho in an upcoming production, requiring intense research and precise character execution.
- Cultivated an acute attention to detail and ability to communicate complex concepts to diverse audiences—skills directly transferable to technical design and stakeholder management.
